AVEDA™

Welcome to Five Senses.

Spa Sanctuary

Escape your daily routine in Five Senses' Spa Sanctuary. A cascading waterfall and luxurious lounge chairs set the mood as guests indulge in our chocolate fountain.

- The spa consists of seven total rooms offering facials, waxing, body services, Vichy rainfall shower treatments and massages.
- Our adjoining spa rooms can pamper two, three or four people simultaneously.

Nail Room Retreat

Our Nail Room Retreat combines sophisticated surroundings with lavish features, making it the perfect area to relax and socialize with friends.

- With the ability to host up to eight guests at a time, it's an ideal option for personal or company gatherings.
- Our custom nail room chairs offer the ability to receive a manicure and pedicure simultaneously, with two service providers pampering the guest at the same time.

Salon & Barbershop

Our elegant Salon incorporates a shampooing experience that mesmerizes our guests during their scalp massage while under the twinkling starry lights.

Step back in time in our traditional men's Barbershop, where original 1920s porcelain barber chairs recline men back to enjoy a hot towel face treatment and a soothing scalp massage during their full-service haircut.

- Our team is continually trained on the latest styles and trends in the industry. We invest in our team by bringing Aveda artists to Five Senses to teach up-to-date cutting techniques and new color patterns.
- From barber cuts to men's eye treatments and beard trims to straight razor shaves, men are able to choose from a variety of hair, face and skin services for their specific needs.
