## Options to Overcome Hair Loss

Type	Pros	Cons
→ Ready-to-Wear Wigs	Cost effective and high-end wigs are natural.	System is removed daily.
→ Ready-to-Wear Clip-In Hair System	Cost effective and high-end systems are natural.	System is removed daily. May cause breakage on weak hair.
→ Hair Extensions	Hair can be added gradually over time.	Extension tape may show. May cause breakage on weak hair.
→ Non-Surgical Hair Replacement Options	Long lasting, natural appearance and styling options. Fully bonded onto scalp or attached to existing hair.	Maintenance and care must be given for maximum longevity.
Topical Solutions, Supplements, Medication, Lasers	Easy to access and affordable options	Results vary.
Hair Replacement Surgery	Most natural appearance and styling options.	Costly, painful, invasive surgery, results vary.

→ Available options at Five Senses Spa, Salon & Barbershop.

### Five Senses Guest Experiences Hair Loss After Childbirth

"For the past nine years, I have been self conscious of my noticeable hair loss and fear that people were looking at my scalp. Since my hair replacement service at Five Senses, my confidence level has increased and my age has visually decreased!" ~Pia F.

It's estimated,

50% of men ...by the age of 35 will have some degree of baldness.

40% of women ...by the age of 40 will have some degree of baldness.

Studies have proven ...individuals with hair loss look older than their age.
